AMERICAN AND CANADIAN RATINGS

Our ratings are devised under a unique system. Each of our staff writers and officers sends to me their choices for the top 25 men in the country. From these various lists, we devise the ratings involved. For number one on the list, we give 25 points. For number 2, 24 points, and so forth.

In the ratings involved, we received a total of 9 lists. Only two people, Bruno Sammartino and Fritz Von Erich were mentioned on every list. A total of 88 people were included in the various lists, with a total of 50 people being listed on only one list.

This rating system is designed to rate the men on the above countries on basis of skill. The ratings are based on ability to win, and the skill with which the match is won.

For the first time, we are going to list the top 25. This is a "first" in the brief history of MATMANIA.

1. Lou Thesz (total lists 8) total points 189
2. Bruno Sammartino (9) points 179
3. Fritz Von Erich (9) points 167
4. Destroyer (8) points 166
5. Dick Afflis (8) points 151
6. Gene Kiniski (7) points 124
7. Bill Miller (8) Points 120
8. Pat O'Connor (8) points 118
9. Johnny Valentine (7) 112
10. Maurice Vachon (7) 102
11. Verne Gagne (6) 99
12. Bob Ellis (7) 87
13. Wilbur Snyder (6) 79
14. Karl Gotch (5) 68
15. Ray Stevens (4) 64
16. Eddie Graham (5) 61
17. Pedro Morales (6) 55
18. Kinji Shibuya (4) 53
19. Waldo Von Erich (5) 46
20. Toyonobori (2) 36
21. Pepper Gomez (2) 34
22. Freddie Blassie (3) 34
23. Reggie Lisowski (5) 28
24. Don Leo Jonathan (3) 28
25. Bobby Orton (3) 27

****

There was a total of 225 possible points.

Before anybody screams of favouritism etc, let me say that I do not completely agree with the above ratings. My personal choices often did not co-incide with the above. Please, if there are any serious disagreements, let me know. Send me your lists for the top 25 and we will see who the craziest person is. Thank you.

There is a very old Jewish saying; one that has been a favourite of mine for many many years. Do not ask me why I thot of it right now, but here it is: An ugly man should never try to look uglier.

Who Will Be the Next N.W.A. Champion?

by: Bill Fiock

Lou Thesz is tired. He is old. And still, he is the biggest cat in the jungle. But even the biggest cats grow old and are forced to give up their powers. With a junglefull of fresh, young talent, it is doubtful that Thesz will be able to keep his title. Now the question arises, who will be the next N.W.A. Champion?

The person who probably stands the best chance is Verne Gagne. He is a great wrestler with youth and speed on his side. He has defeated the very best. Gagne has the ability and the support a wrestler needs to make it to the top.

Some people think that Bruno Sammartino will be the next N.W.A. Champion. I do not think Bruno will ever hold the title. True, he is strong. But Bruno lacks the knowledge of holds and speed. A quick wrestler, such as Gagne, would make Bruno look clumsy in the ring.

Next on the list is Fritz Von Erich. In the words of the Destroyer, "Von Erich is good, big, tough, and afraid of me!" Some may disagree with the Destroyer, but he has a reason behind his statement. Since he arrived in Texas, Von Erich has dodged giving him a shot at the state title. And some say, without the claw, Von Erich is nothing. I for one, feel Von Erich does not have what it takes to be champion.

The masked wrestler who calls himself the Intelligent Sensational Destroyer has a good chance to reach the top. He is a quick and a fine wrestler. However, he has a bad temper and a good wrestler must learn to control it. He has gone almost undefeated since wearing the mask and the few losses he has received were usually caused by trouble a mask offers to it's wearer. The Destroyer is still a young performer with many good years left.

Always a threat to any wrestler who gets into the ring with him is the vicious Dick "The Bruiser" Afflis. He is known as Mister Riot Squad in more cities than you can name. However, Dick has had plenty of chances at Thesz and has lost.

Then, of course, there is others such as Gene Kiniski, Johnny Valentine, Pat O'Connor, Wilbur Snyder, Bill Miller, Karl Gotch, Ray Stevens, Crucher Lisowski, Mad Dog Vachon, Kinji Shibuya, Ed Carpentier, and Pepper Gomez. These wrestlers, along with others, have just about the same ability. Each, on any given night, is capable of knocking off the other.

Age is a big factor in picking the next champion. Pedro Morales who is only 23 years old, is making a strong bid to become a "super-star". Johnny Powers is another of the new breed of wrestlers. A new strong crop of stars will soon be entering the wrestling scene and each will be offering a new threat at the title.

Age is also a big factor in the other direction. Some of the big threats like O'Connor, Carpentier, and Valentine are getting too old. Summing it up, I think the Destroyer answered the question best of all. Who will be the next N.W.A. Champion? The Destroyer's answer was, "Whoever beats Lou Thesz!"

How many people remember when two young men, Dick Beyer and Freddie Blassie had a claim to the world title? Only 1957. Both young here type wrestlers.

The following is a re-print of an article in the St. Louis Post-Dispatch. The original date is December 5, 1965. The writer, Bob Broeg, has given us full permission to use the article.

MUCHNICK: PROMOTER WHO HAD DATE WITH DESTINY

By Bob Broeg, Post-Dispatch Sports Editor

The other day the phone rang in the Dublin (Ga.) home of Claronce F. Lloyd, reformed sports writer, former traveling secretary of the baseball Cardinals and retired president of the Georgia Plywood Co.

Sam Muchnick, the St. Louis wrestling promoter, himself a former sports writer, was calling to remind an old friend that the date was an anniversary.

"The thirty-eight anniversary of the brawl," said Muchnick, gleefully remembering Dec. 1. 1927, the last time St. Louis baseball writers had held a party until 1958 when they began their annual winter dinner, open to the public.

The reason for the blow-up of the press's private Prohibition blow-out back there the year Lindbergh flew the Atlantic and a tornado swirled a thorny finger through St. Louis is not pertinent or important.

The point is, Muchnick was proving once again that he's a nut on dates, and that is no fig, Newton.

So it can be assumed that in the future Sam will remember Dec. 3, 1965 as the night he not only put on his twentieth-anniversary wrestling card, but as a night that also was intended by 250 of his friends to be a midnight surprise party afterward at Kiel Auditorium.

Whether the party actually caught him by surprise is doubtful because Muchnick learned to expect the unexpected ever since the old St. Louis Times folded under him in 1923 - June 22, Sam recites - and he didn't even get paid for the two days that were left in the work week.

EVERY MAN TO HIS WON TASTE

At 60, Muchnick is a jolly round man whose belly shakes like Santa Claus's bowlful of jolly when he laughs, which is frequently. The only thing sinister about the lisping showman is his black homburg, which gives him in a rare unsmiling moment the appearance of a member of the Soviet secret police.

Although he and his promotions get little attention from the newspapers, including this one, Muchnick is respectful and successful - respectful of the other viewpoint and successful because there are two sides and two tastes.

As a promoter and as president of the National Wrestling Alliance, which books wrestlers into 30 states, Canada and Mexico, Sam is in the $50,000-a-year income bracket.

The clothing factory worker's son who grew up above Sam Schultz the tailor's on Fourteenth abd Franklin has come a long way. And he has learned a few things about finances since he gave up a $1900-a-year job in the post office in 1926 to become a $20-a-week sports writer.

BOYHOOD REVERIE

A member of the old Knothole Gang, He'd seen the Cardinals play for the first time - of course, he knows the date - on June 22, 1918.

They scored eight runs in the first inning off Cincinnati's Fred Toney, said Sam as if it were yesterday, and scored a 12-6 victory in a game he recalls more vividly for something else.

"In the middle of the game," he said, "the Cardinals' catcher, Frank (Pancho) Snyder, had to catch a train to go off to war, and Mike Gonzalez came in from right field to catch."

The light-hitting Gonzalez rerered as a c anny, colorful coach od the Cardinals' as House Gang era, hit a home run that day into righ field stands at old Robinson Field, the home of the Redbirds until 1920.

"The left field stands were so far from home-plate there," said Muchnick of a park that stood on the site of Beaumont High School, "that I believe only Cactus Gravath and Rogers Hornsby hit home runs into the seats."

Baseball buff Muchnick, a graduate of Central High School, finished second in 19

25 in the annual syndicated Babe Ruth All-Star contest, which ran then in the Post-Dispatch. Sam's prize was $25, and the late John Edward Wray, then Post-Dispatch sports editor, urged the 20-year old mail clerk to write a story about what he figured the Cardinals would need to contend for their first pennant in 1926.

"A pitcher and an outfielder," wrote young Sammy, as tight as old Pete Alexander and Billy Southworth proved to be.

SOME FAVOURITE PEOPLE

Mr. Wray didn't have a job to offer, but Sid Keener did at the Times. By 1928, the young reporter had made his first trip with the big league ball club, the pennant-bound Cardinals. He traveled more frequently with the clubs that won in 1930-31.

He'd rather reminisce about his traveling companions - J. Roy Stockton of the Post-Dispatch, Mike Haley of the Globe-Democrat and the St. Louis Star's Walter W. (Rod) Smith, now the nationally syndicated columnist - but he had favourite ball players, too. First and second were Frank Frisch and Burleigh Grimes.

"They were two of the most aggresive ball players, the kind we need now," said Muchnick, recalling that he had pulled Grimes off a New York reporter, James Kilgallon, with whom he'd had a difference.

After the Times folded in the depths od the ~~depression~~ brother-can-you-spare-a-dime era known as the Depression, Muchnick went to work as a publicist for wrestling promotor Tom Packs. The association lasted until just before Muchnick, at 37, went into service in World War II.

"Ever since I'd watched Gene Strauss walk around the old Coliseum counting the house, I'd wanted to promote on my own," said Sam.

Balked at first by a state athletic commission which felt, curiously, that Packs was a majoirty of one as a promotor, Muchnick promoted under an injuction briefly before entering the Army.

A HOLLOW VOW

The man who wrestled the first main event for him, Bobby Bruns, is now his right hand man. For all general purposes, however, the former sports writer didn't promote as a licensed matchmaker until he doffed the khaki in 1945.

His first card featured Ed Virag and Roy Dunn, when he described as two scientific wrestlers.

"The show was a dud," Muchnick said. "I liked scientific wrestling, but the fans didn't. Sports have changed. People want speeded-up action as produced by the home run in baseball, the forward pass in football and elimination of the center jump and now the 24-second rule in basketball.

"I'm in show business to entertain, to give the fans what they want."

Where Ed (Strangler) Lewis and Joe Stecher once grappled until about 4 a.m. at the Coliseum - Feb 20, 1928, courtesy of memory man Muchnick - Sam now reels off half-a-dozen fast moving slam-bang matches in less than three hours. Most of the bodies beautiful wouldn't know a half Nelson from a Rickie Nelson.

A confirmed bachelor until he met pretty Helen Wildfong just before his first post-war show, Muchnick fell harder than one of his mat men taking a pratfall, but he vowed he wouldn't get married until after his first sellout crowd.

Chuckling, Sam recalled that he and Helen were married on June 30, 1947 - this is one date the bloke ought to remember - just after the SMALLEST gate he ever has had. Two prominent athletic names, Bronko Nagurski and Ray Steel, drew only 2316 persons - who cared enough to pay $1850.60.

The Muchnicks have two sons, Richard, 16, and Daniel, 15, and a daughter, Kathryn, 13, if a proud father will forgive the omission of the birthdays of his two young athletes and pretty little cheerleader.

The way rasslin's draws now, Sam Muchnick can expect five more good years before retiring, which he might do at 65. He'd be an optimist, anyway.

After all, he sat down one day before the 1931 pennant race and figured out his first newspaper boss, the late Dick Farrington, how the Cardinals pitching staff would score 262 victories.

The pikes. They won only 101 of 154.

We would like to thank Bob Broeg for allowing us to include this article in our bulletin. Thanks once again.

The following article was written originally for a newspaper. The date and newspaper was not sent with the article. It is probably Winnipeg and about june or July of this year.

GENE STILL EARNS LOOT, AIR MILES

Wrestling promotors aren't dumb. They stage their mian showing Mondays at Exhibition Gardnes. The reason for this is because Monday in the dullest sports night in the week.

So we joined the party, mainly because it starred our good friend, Gene Kiniski.

Gene is a hard guy to get to these days. He currently makes Indianapoils his home. Except, he's selden there.

"I'll chalk up 200,000 air miles this year," groaned Gene. He didn't add that fine stream of gold that should not him close to $100,000 as one of the game's top attractions.

Having made a whirlwind spin to the Orient last yea r, Kiniski just turned down a similar offer to visist Australia.

"They offered to fly my wife and family as well," said Gene. WBut what the hook." Like, what's money.

Last night, Gene teamed with Don Lee Jonethan in their quest of the Canadian Tag Team title from Art Nelson and Ivan Kamoroff. Best they could do was a one-fall draw. But it delighted the crowd of 2500 in attendance.

Is Gene gett ing tired, or bored with it all?

"I'm a pro - a top pro," confesses the nodest Edmonton boy. "You trying to make something out of nothing? I got tired just like everyone else. But not when I enter the ring."

Not wishing to break a frionship or ha ve our neck broken, we dropped the subject. That's the way it is with artists. They're so doggone temperamental.

Instead, friend Kiniski wasin the mood to talk footbáll. A former star at Arizona U. Gene still likes the game - but from the sidelines.

"There's no money in it," he admitted frankly.

And wha t about your home-town Eskimos?

"They seem to be coming. But I'm also glad to see my old pal Eagle Keyes doing so well in Regina. We used to play together. The Eagle is kind of a hard-luck guy. He's got his problems with injuries. I just don't know how he keeps a team going."

The next subject was roads.

"Bless Mr. Gaglardi," bellowed Gene. "He does the best job in the country. You tell him for me. If it wasn't for his roads I'd never keep my jeep out here. As it is, I don't know when I'll get some hunting in.

"I once met Attorney General Bonner and told him he should keep the RCMP off Mr. Gaglardi's back. Mr. Bonner said if he did that everyone would scream."

Possibly the next scream will come from Wolfman Gor ky. He wants a shot at Kiniski. At the next landing.

The author of the above, Glyn Lewis, has often written about the wrestlers in his area. His interest in the wrestling and wrestlers is one of the major reasons for the continued interest in the game in Canada. For this, we thank Mr. Lewis. We luvs ya, sir.

Too bad more newspapers do not realize this interest in wrestling and do more to assist the fans enjoy it. Many newspaperxs do not even print the results of the matches. Many do not print anything except advertisements on the sport. There are far too many fans in this country for the newspapers to ignore the sport. Someday they will realize this and do more. Some day....

I received a letter from a member a day or two ago. In this letter, Lenny Burstein asks a series of questions that will interest everyone. Thus, I am taking this opportunity to answer his questions.

1. On 13 November 1965 in San Francisco Kinji Shibuya beat Bobo Brazil and is once again recognized as the undisputed United States champion. On 4 December 65 also in San Francisco, Shibuya defended said title against Dom DeNucci.

5. Lenny would like to see a complete listing of all the various champions in the world. I will see what I can do on this.

6. A rumor that Mark Lewin broke the nose of Kinji Shibuya while wrestling in Australia. I can not say if this is completely true, but I doubt it. First, I would have heard about it. Second, both Mark and Kinji would have bragged about it. Do not beleive it.

11. In the December issue of MATMANIA we included the article by Mitsuru Uehira, in which there is mention of Rikidozan beating Lou Thesz and claiming the N.W.A. title. I do not know when this bout took place. I do not have accurate results on it. Perhaps someone in that area can help. I do know it was previous to 1963. Thesz did not have the title at the time that he was beaten by Rikidozan, this I do know. The bout in question was for the NWA title, not the NWA. The Thesz/Rikidozan series of matches has alwsy been for the lesser title. As for Thesz' title being disputed, yes. There are no less than seven claimnants to world supremacy at this time.

12. The bumper strips that we have for sale. These strips are four inches by 15 inches. A bright blue background with the letters being the color of bleavh blond hair. These self adhesive strips are weather proof. They say "I am a Wrestling Fan" and cost fifty cents each.

13. The Junior Heavyweight title holder at this writing is Danny Hodge.

14. The Masked Dansky, at last writing was near Atlanta and the South. He seems to have disappears. I beleive he has returned to Monrovia, his home.

15. Ron Reed left Australia on or about the 11th of December. He had one b ut in Hawaii on the 15th, and is expected in Missouri shortly after. At this writing, then, he is in Missouri.

19. In the original bulletin that we sent out in December 1964, and later as a supplement in the December 65 bulletin, we included an ad for Mr. Phil Wenz. His material is available only thru him. Please write to him to ensure availability of goods before sending money. That ad is a year old.

20. Is Big Time Wrestling and Official Wrestling still in pu blication? I do knt know. I read only three wrestling magazines. Wrestling Revue, Ring Wrestling and the Wrestler from England. I doubt if either of the first wo mags are now publishing. Any defenite word would be appreciated.

Lenny is one great fellow. Not only did he send a stamped self-addressed envelope yo me. He sent the paper to answer him on. Me thinks he was trying to hint at something. Like answer as soon as possible. Thanks for the courtesy, Lenny. I really approciate it.

WRESTLING BEAR IS GENTLE VICTOR

The "profession" that gave us midget wrestlers, lady wrestlers and free-for-alls in troughs of mud, offered a wrestling bear for jaded grunt-and-groan palates last night in the Civic Arena.

As entertainment, it ranked with prizefighting kangaroos and basket-ball shooting seals. But it was good clean fun, suitable for a ~~xxxxxxx~~ a Sunday School picnic and no harder on the bear than climbing a tree for a honeycomb.

Soldat Gorky, who was born in Tacoma and bills himself as the "Russian Wolf Man", traded holds with Victor, the trained wrestling bear. Ugh! Ooph! Awrrr! Down went Gorky. Up came Gorky. Gasp! Gurgle! Grunt! Down went Gorky. Up came Gorky.

The crowd plainly was with the bear every inch of the way, a bruin hero, a human heel.

There was no trouble figuring which was the man, although Gorky, at 6 feet even and 218 pounds of fairly well distributed flesh, is built somewhat like a bear. But Gorky is bald on top. The bear was not.

Victor, who is 8 years old, came in at 6 feet 4 inches and 400 pounds. His manager, Adolph (Tuffy) Truesdale, says Victor is undefeated in 1,000 professional wrestling matches and in 25,000 carnival-type exhibitions against town bullies the length and breadth of a land that goes for such things. Those are his figures and he is welcome to them.

Gorky did nothing to spoil that enviable record last night. He fell for the last time about three minutes after he squared off against Victor. The bear tossed Gorky heavily to the canvas, then leaned on Gorky's shoulders. Referee Pago Pago signaled a fall, raised Victor's hand and it was over.

Victor, a playful creature, then proceeded to down a soft-drink in the center of the ring, presumably his reward for not mauling Gorky.

Whether it is proper for a man to wrestle a bear is for those societies dealing with cruelty to animals to grapple with. Truesdale was hauled into a California court earlier this year on a complaint by a "little old lady in Pasadena", and the jury after feeding Victor outside the courtroom, returned with a unanimous verdict of "not guilty" after just 15 minutes of deliberation.

Certainly Victor appears to take care of himself. He does not have cauliflower ears, and he does not walk on his hocks. Perhaps a Society for the Prevention of Cruelty to Human Wrestlers might be more appropiate.

"Tuffy" Truesdale, who hates his real handle, latched on to Victor when he was a six-week-old cub. Victor's mother had been shot outside an Ontario, Candda, logger's cookhouse and Truesdale found Victor, near death from freezing, in a cave. He nursed the Canadian Black cub, began teaching him wrestling at six months, after first pulling his claws and removing his front teeth.

Tuffy, a squat, bearded man, has been a professional wrestler for 30 years. He taught Victor all he know, including rudimentary wrestling holds and how to avoid being put on his back, where bears are virtually helpless.

When he was three years old, Victor turned "pro". TuffY's troupe also included a couple of midget wrestlers and some muscle molls.

But Victor was not really ready for the bright lights and the cracks and epithets from ringside. He came dangerously close to being pinned several times, since he had not yet learned the lesson that he should never allow himself to be rolled over on his back. With real feeling, Tuffy now proclaims Victor " a wrestler, not just a bear".

Certainly Victor eats like a wrestler. A strict vegetarian, he gobbles about 20 pounds of assorted carrots, lettuce, brussel sprouts and artichokes daily, frsh from the nearest supermarket.

Although his manager gets 100 per cent of the purse, Victor rides in luxury in a nicely appointed truck, has a soft bed of straw and should live to be 25 or 30 years

He also gets to see America while he is young. All this for toying with a weak-kneed humans for a few minutes a day.

Victor is appearing in a British movie filmed recently in Canada. He will do a pilot film for Walt Disney later this month, and he has a date on the Hollywood Palace next spring.

Not content with a wrestling bear, Tuffy also has some wrestling alligators stashed around the country. He wrestles them in tanks of water, but plans to quit in a year or so "because I am slowing up and their teeth are getting closer and closer, and I would hate to lose a hand or a foot."

The little orphan bear has grown up to be a hero in the best Horation Bruin fashion. The crowd reacted as if it were seeing the greatest gimmick since Barnum introduced Tom Thumb.

Phineas T. may be dead, but he left an awful big world behind. And his favourite people still are being born every minute.

Without being considered crazy, I will have to ask this question: are Tuffy Truesdale and Al Szasz one and the same person?

****

Once a month, I will be making the next announcement. Better get used to it. I need old results. Tons of them. From all over. Once every three months, we will be doing the life history of a man in these bulletins. For these records, and others that I am called upon to do, we need old results. Also for the fan club that we have in conjunction to MATMANIA dedicated to old results.

In March of 1966, we will be doing the life history of Lou Thesz. I most especially need results of his from the fourties. In June, we will be doing the life history of results of Johnny Valentino. In the September issue, Pat O'Connor. Then the following December issue, Buddy Rogers.

Please, people, I ask; I implore; I practically beg, if you can help me either on results already in your files or by doing research for me in libraries, please let me know. We can use all the help that we can get. Thank you.

****

For those interested in old results, this club is a must. We have included in the bulletins old and new results from around the world and the United States. We will continue to put out at least one of these bulletins a month, including as much info and material as we have time to include. The dues are 1.50 a year. Thanx again.

There is a very old saying; one that I have loved and enjoyed for years. This old saying is MATMANIA's thot for the day: Education is for the birds; the birds that want to get ahead.

Advertising will do a lot of good in this ole world. To prove this point, there are any number of mountains in Colorado that are higher than Pike's peak, but it is the most famous due to advertisement. Think about it.

RESULTS FROM HOUSTON, TEXAS 10 Decenber 65

Twas wrestling in Houston
Fans screaming "It's not fair".
Duke being softened up
When Fritz hit him with a chair.
It made his task easier,
But stuck in many a one's claw
Didn't phase Fritz;
He then put on his stomach claw.

230 "Cowboy" Bruce Kirk
Vs 205 Torbellino Blanco
Bruce is young and willing;
Can't match the older pro.
Started off even enough,
Both at times in a hole,
But after 7:30 minutes
Blanco won with a cradle hold.

225 Billy "Rod" Lyons
Vs 265 "Ox" Anderson.
"Rods" scissors pile drives,
They were second to none;
They jarred "Ox" aplenty
As he landed on his seat.
8:35, a cradle hold
And "Ox" had gone down to defeat.

228 Louis Tillet
vs 232 Tiger Conway.
Started off clean enough,
But didn't stay that way.
Doing what comes naturally
Tillet began getting rough,
But after a 15 minute draw,
Both had had enough.

255 Claude Patterson,
Partner being 218 Nick Kozak,
240 the Destroyer and 280
Golden Terror, bullies for a fact.
Destroyer won as expected,
Then the show was on,
Terror tore into him,
Destroyer was soon long gone.

Terror was on the apron,
Had Patterson in hand.
We saw Patterson duck
As we saw Destroyer's blow land.
With a bloody nose
Terror was mad as a wet hen;
Started trading blows;
Doubt if they'll team up again.

265 Fritz Von Erich
vs Duke Keomuka at 221,
Last fall by stomach claw only
To get the job done,
After 11:15 minutes
Duke had won first fall,
He'd applied stomach claw
And giving it his all.

Eye stabbing and kicking,
Fritz was on comeback trail;
Duke was using his chops,
But to little avail.
After 9:10, with his favourite hold,
Fritz was in command.
Duke, forced into submission;
Referee raised Fritz's hand.

Duke promptly came to life
Pulling out all stops,
Knocked Fritz off his feet
With those mighty chops.
After 4:00 minutes,
Much to the fans despair,
Stomach claw by Fritz,
After he'd hit Duke with a chair.

We will take this opportunity to mention the bumper strips that we have for sale. These strips are 4 inches wide and 15 inches long. The background color is a dark, vivid blue, with the letters the color of bleach blond hair. They are weather proof, plasticized, and self-adhesive. They state quite simply, "I am a Wrestling Fan". They cost fifty cents each. You can get them direct from Uncle Burt. I think you all know Uncle Burt, don't you? He is a very good friend of mine. Ask me about him, and I'll be happy to tell you about him. Thanx.

A nice guy, but a lousy typist.

WRESTLING, HOUSTON TEXAS 17 Dec. 65

Twas Wrestling in Houston;
Destroyer being interviewed.
Bang; hit from behind.
Feud with Terror being renewed.
Referees were on hand
To express Christmas greeting;
Just the right spot
To help stop the beating.

205 Torbellino Blanco
Vs 228 Luis Tillet.
Who didn't go to his trunks
But slugs the same way.
There were many times
He had Blanco in a hole;
Took Blanco 10:30
To win with his cradle hold.

250 Claude Patterson
vs 265 Anderson, the "ex".
10:55, using his fist,
He delivered many hard knocks
He was doing it to Patterson,
To his hearts content;
But threw him over the ropes;
There went his chances went.

280 the Golden Terror
Vs Nick Kozak at a mere 218.
Terror took it out on Nick
For he is so mean.
Twice Destroyer bounded in
To pay the Terror back.
A skull crusher at 11:00;
Nick succumbed to the attack.

225 Billy "Rod" Lyons and
231 Al Constello-Kangaroo
Who proved a tough customer,
But not his Waterloo.
Tied up in a small package,
Al had lost his control.
Twas after 9:00
Rod Downed him with a cradle roll.

215 Alfero Velasco vs
Cowboy Bruce Kirk at 230.
A fairly even match
And not one bit dirty.
Bruce after 5:35
Thought he had it under control;
Alvero reversed it on him
And won with a cradle roll.

265 Fritz Von Erich
Vs 240 Destroyer, the Great.
If he had help coming,
It arrived all too late.
He'd been worked over,
Fritz fresh as a daisy bloom.
Destroyer, pounded by both
Finally met his doom.

A mass of blood
Coming through Destroyer's mask
By taking on two men,
Was just too big a task.
Fritz didn't win a fall,
Destroyer won the first one
When Terror used the chair;
Effect was second to none.

For Terror arrived at ringside;
Gave Fritz andassist.
Aimed a chair at Destroyer;
He couldn't have missed.
It was curtains for Destroyer
As they packed him away.
He'll have time to recover;
There'll come another day.

Our thanks as always to Garvin and Earl Elder for writing these excellent poems and sending them to us. Garvin is one of our most gifted writers, and it is easy to see why. Our sincerest thanks, Garvin; and keep up the good work.

I think that there will be a feud between the Destroyer and Clyde "Golden Terror" Steeves. Don't ask me how I know, but me think. Me wonder how me know. Me smart?

THE KING'S REIGN ENDS

by: Joff Walton, president of
Freddie Blassie fan club

It is my very sad duty to report to our loyal fans that the GREAT FREDDIE BLASSIE has been forced to retire from his beloved world of wrestling. Fred not only brought color and showmanship to wrestling, he also brought and gave the fans their moneys worth in entertainment. At the present time, Fred is in the Emory hospitla in Atlanta after he had a kidney removed on November nineth.

Here's what Fred told the Atlanta Journal's reporter, Bill Robinson. (Fred speaking to Art Williams at the Olympic Auditorium) "How's everything in L.A? They took my kidney out yesterday. It's all over. My wrestling days are all over. Now, I don't know waht I'll do. I might go to Japan and live or I'll go to Iran and promote. They love me there. Maybe I'll come back to L.A. Be sure to tell 'em at the Olympic the wrestling days of the Great Freddie Blassie are over. Wrestling has been my life/ I could get back in there, but I've only one kidney left and I couldn't even handle wrestlers. If I stood on the apron of the ring and a fan hit me with a chair, it would be all over for me. All the money in the world is not worth that. I still think the fans are morons and idiots. My motto was that it didn't matter how you played the game, you had to win. I used the lowest tactics in the ring. But I won."

Yes, Fred won and he beat the best. To those who know him, he was honest, kind, and very sincere. Many have asked me if our club will end. My answer is a big NO. The Worldwide Fred Blassie Fan Club is here to stay. We represent the world's greatest wrestler, and we're the world's greatest fan club. Terry Brodt and myself, along with you, Mister Blassie, wish Fred a speedy recovery, and I hope all of you will remain loyal to the greatest wrestler the mat will ever see, the fantastic Freddie Blassie.

Those interested can write to me, Joff Walton, in care of 1358 S. Sierra Bonita Av. Los Angeles, California. Thank you.

****

It saddens me to see a man of Blassie's style and ability retire. There are few if any who will ever be able to take the place of such an outstanding man and wrestler. First as a hero, and later as a villian, Fred thrilled countless thousands of fans over his career. During the years of the mid-fourties, Fred was a sailor stationed in Southern California. As Sailor Blassie, his clean cut features and "body beautiful" made him a favourite with the women everywhere. With his brother Billy McDaniels, he formed a team that had few piers ever. Later, with Dick Beyer, he held a claim to the World's Tag Team honor. Still later, as a villian, he held virtually every title in existence.

Now he is through as a wrestler. In a way, this is the end of an era. A star for over twenty years, Blassie was one of the top stars in this old world. I miss him.

****

In a future issue of MATMANIA, we will do the life history of reults of this great mat man. It would be an interesting array of matches. This record will probably be in the March issue of 1967. If you have any results on him, mainly in the fourties and early fifties, please send them to me. As always, I need help, and a lot of it on these life records. Thank you.

With the mention of Billy McDaniels, I will have to ask if anyone has any knowledge as to his whereabouts. Thank you.

On December 26, we were treated to a special match by our promoter, Roy Shires. This was the first match on a Sunday afternoon in the history of San Francisco wrestling. It was also the first time the girl wrestlers were going to be in this area in 18 years. From all indications, it looked like the greatest card in the history of San Francisco.

The Cow Palace holds over 18,000 people for wrestling matches. The highest gate in San Francisco wrestling was 18,200. I fully expected this gate to be broken and a record turnout.

Due to the Christmas holidays, there was no wrestling on TV on the Friday previous to the matches. Thus, the only possible way for any advertisement of the matches in the last crucial days was the newspapers. With judicious use of the media, the Cow Palace could and would have been filled to over-flowing.

The only article in the newspapers in these last few days was a re-print of a story from a Los Angeles newspaper. The only article in the Sunday paper, the day of the matches, was a short bit by a columnist to the extent that Shires was worried.

And well he had a right to be. Instead of a packed house; instead of a record gate, we had a crowd of 9,000 plus people. This was just about half what could have been there.

Shires is like many of the people in this tired old world. They expect the world to be handed to them on a silver platter. "I did my bit; I'm presenting matches. Now you do your bit; be there." Without advertising, this card was a flop. The fans who did attend were treated to some excellent wrestling. But only half the number of fans were there as expected.

The main event for the World Tag Team Title went to Ray Stevens and Pat Patterson over Jin Hady and Peppe# Gomez. Referee Tom Rico, did an excellent job handling the match, and he is to be congratulated. The other main event, Kinji Shibuya defending his United States title against Don DeNucci, was an excellent match. Kinji again showed he is the toughest thing on two legs by winning from the big Italian.

Bette Boucher beat Judy Grable in the ladies match. It was fun, but not spectacular. Juan Humberto, the referee, had more trouble and more fun than either of the girls. Juan had juan heck of a time. He managed to keep his shirt on, but just barely. More, Shires, more.

In other matches, The Spoiler beat Eric Froelich, Luke Graham beat Freddie Baron. Luis Martinez and Luis Hernandez beat Buddy Austin and Pampero Firpo. In the best match of the evening (oops afternoon) Dick Steinborn drew with Rod Bastien. This was a good, scientific match all the way. Rod had the upper hand most of the way, but either could have won. This was easily the best wrestling I have seen in a long, long time. Again, give us more of this style match.

The quote of the day came from Dick Steinborn. He thru Bastien into the ropes. Rod came bouncing off ready to give a body tackle and Dick threw up his hands, and out came the quote: "Hold it". Loud and clear. Rod didn't.

Our next matches are the 29th of January. Five weeks. A nice long wait, but I guess Shires knows what he is doing.

****

The more I see of the Spoiler and of Freddie Baron, the more I like them. The Spoiler could easily be the most formidable opponent the Kinji Shibuya could have. Why not match them, Shires?

The above matches are results of contests presented by the Joint Promotions Limited, of whom the foremost promoters are Jack Dale and Les Martin, heads of the very influencial Dale/Martin promotions. They present about 40 matches a week throughout Great Britian and have connections with the various promotional bodies in Europe and other areas. They have the only national syndicated television programs, which they show in all the various areas of the country.

Their foremost challengers are the British Wrestling Federation, alias The Rebels. This group, of whom the largest and most well kown is the Paul Lincoln promotions, also present about forty matches a week. They, too, have connections with various promotional groups throughout the world. Paul Linaloln receives precious little advertising from either TV or magazines, but continues to present top notch wrestling everwhere possible. Billed as the World's largest Independent promoter, it is easy to see why he continues. His promotions include men from all over the country and the world.

The top villians in Britian include Jackie "Mr. TV" Pallo, a rough middle-weight wrestler. Both Steve Logan and Danny Lynch are high on the "hate" parade. Others in this circle include Bill Verna, Roy Bull Davis, Bruno Elrington, Billy Howes, Paul Vachon, Les Kellett, Frank Hurley, and Mick McManus.

The top heros include Bert Royal and his brother , Vic Faulkner. Steve Veidor, Earl Robinson, George Gordienko, Leon Fortuna, George Kidd, Clay Thomson, and various others of this ilk.

The foremost tag team is the team of Royal and Faulkner. They are easily the most popular of all teams. The single most popular man would have to be Billy Two Rivers.

Various of the men involved in these result listings are familiar faces to the fan in the United States. Ian Campbell, Alan Garfield, Gordon Nelson, George Drake, Jose Quintero, Frank Hurley, John DaSilva, Paul Vachon, Sky HiLee, Bill Torontos, Prince Maivia, George Gordienko, Tinny Geohagon, Lee Edwards, and various others are well known faces throughout the area. Others who have traveled to England recently from the U.S. are Terry Garvin, Ed Carpentier, Ricki Starr, Tosh Togo, Kenny Ackles, George Bollas and many others.

Wrestling is booming in England. With top notch promotions, many excellent men appearing there, and an abundance of top class talent in all weight classes. Many of the various arenas only draw a thousand or so people, while others continually draw upwards of six, seven, and even ten thousand a week. Our congratualtions to the men who make it tick.

Also our thanks to the following people for assisting us in assembling these results: Ray Plunkett, a fine right hand man; Peter Williams; Jim Craig; Fred Archer; Brian Jones. Without their help, I would be completely lost. Thank you, everyone.

GEORGE HACKENSCHMIDT TODAY

A few years ago I paid a visit to the old Russian Lion's home in West Norwood, London. At 84, George is in great shape and looks 20 years younger. He still goes to the gym and does a little exercise. George and his wife spend a lot of time travelling and lecturing these days. When I went to visit him, he had just returnde from Germany where he was lecturing on the mind and body.

George is very keen on todays amatours and spreads a lot of time attending amateur wrestling shows and presenting the trophys. He is not interested in pro wrestling today and says it is all fake.

His one regret was that he didn't meet the Great Indian wrestler, Gama. I asked George the greatest he ever met and he rated them in this order:1, Farmer Burns. 2, Tom Jenkins. 3, Frank Gotch.

I spent the afternoon looking through George's scrapbooks and had a great time. He had toured New Zealand in 1910 and he remembers New Zealand well. One match he remembered out here was against the great Maori Mona Paratone. George won this bout inside a minute.

****

The above glimpse in the life of George Hackenschmidt was written in June of 1965. The author is Dave Cameron, a great wrestling fan and a first class wrestler himself. Our thanks to Dave for it.

The following is a re-print of an article from the Arkansas Democrat, a newspaper in Little Rock, Arkansas.

7 December 65. Danny Hodge will be cast in a strange role tonite when he faces Lorenzo Paronto. The Oklahoma strong boy will be out to try to regain the Junior Heavyweight championship he lost to Paronto here a couple of weeks ago.

Paronto tied Hodge up in the ring ropes in that wild brawl and it took a ruling by the National Wrestling Alliance to rule that Paronto won the match and the belt, too.

Hodge, one of the most popular champs ever to wear the belt, may find it difficult to regain the belt since Paronto has moved and proved himself a worthy adversary. The bout will go two out of three falls or 40 minute time limit.

****

Unfortunately, we do not have the result of this bout on December 7. I do know that on 6 Dec 65 Hodge beat Paronto in Tulsa, thus any and all claims that Paronto may have had on the title are "kaput".

****

This has long been a thorn in my side, and this is as good a place as any to mention it. Paronto came from the St. Louis area down to the Ozarks. Previous to this, he had appeared in Minneapolis and area. Yet, when making his initial appearance in the Ozarks, he got a build up of:"We asked him to come here from Italy. He is a great wrestler, etc, etc, etc". I think if a promotor got up in front of a group of fans and told the truth once, it would make such a serious a ffect on the fans in question that it would revolutionize the wrestling world.

"We brought Paronto here because he is a good, competent wrestler that will interest and excite the fans here. Also will draw enough fans to help me make some money."

****

There are various facts, not usually know or publicized, about foreign wrestling that bears mentioning. This is a rule by the British Ministry of Labour to the affect that a foreign born wrestler can only have fourty matches in a years time in Great Britian. For this reason, the larger promotors in England, Dale/Martin and Paul Lincoln, must have regular tie-ins with the promotors in France, Germany, and elsewhere in Europe and the Near East.

A wrestler such as Ricki Starr is a big favourite in England, but due to the 40 matches ayear stipulation, can only wrestler there for limited periods of time. The same is true of men like Geohagon, Hiloo, Drake and the others. Ditoo for men like Tosh Togo and Billy Two Rivers. Alll are popular with the English fans, but can only work that area for short periods of time. Thus, Germany, France and the various other countries of Eupope step in.

Both the Dale/Martin and Paul Lincoln promotionshave ties with the various promotors in Spian, France and Germany. Many wrestlers appear for the English promotors one night, then later for one of the Continental promotors.

A closer understanding of the promotors on Continental Eurpoe will help the true fan of wrestling follow the sport more fully. Thus, we will look at Germany.

The sport of wrestling in Germany is done on a tournament basis. The wrestlers move into a particular city, and present a series of matches, night after night, until each and every man has faced all the others in the tourney. Then prizes are awarded to the men with the best record in that particular tourney. Such tournaments can last as long as three weeks, or as short as ten days, depending on the size of the city and the number of wrestlers participating in the tourney.

These German tournies include wrestlers from Germany, Austria, Spain, France, as well as English and American stars. They also draw wrestlers from around thw world of wrestling.

Another fast look at some of the men involved. Leif Rasmusson has wrestled everywhere. As Luwig Von Krupp, he was here in the U.S. in 1957 and 1958 He and tag partner Polly Borger, had a share of various titles in and around New York City. Both Josef Kovacs and Josef Molnar are top stars in and Around England. Yokouchi has workman times for Paul Lincoln in London and environs. Likewise is Axel Dieter "popular" in England.

And who can forget Ricki Starr. Ballot Dancer, Purdue University student, a top flight pro and top attraction everywhere.

As can be noted, we need more up to the minute news from Germany. If you can help us on this, please contact either me, Burt Ray, or contact Norm Kietzer. Mucho Gracias.

Mucho Gracias; you know what that means, don't you? The lawn needs mowing.

To get the total number of stones that a man weighs, divide his regular weight by 14. Example: Rip Hawk is 228 lbs. He would be 16 stones, 8 ounces. Another example I am 145 lbs. That would be 10 stones and 8. I wonder who will be the first person to say that all those stones are in my head?

On Docombor 14th, the promotors in Australia, (Doyle and Barnett) closed for the Christmas holidays. All the various wrestlers returned to their homes. This included all the men whose home base is in the United States. They will resume operations on January 6 or 7, at which time, various of the top stars of the United States will again go to Australia.

Included in this group is Popper Gomez, Killer Kowalski, Bob Nandor, and others. Those men usually appear for Ed Francis in Hawaii on the way to and from Australia, thus we will be able to keep better track of their various operations.

Our thanks to Linda Scott and to Tommy Gauchi Maistro for the results and news involved. Without their help and support, we would be up a well known avenue of water.

The wrestling season in New Zealand this year was a complete bust to the fans. Our main correspondent in New Zealand, Dave Cameron, found little to interest either the fans in the United States or to interest himself. Thus, the shortage of the wrestling news from there. The promotors there, the South Pacific Wrestling Alliance, has had trouble signing wrestlers due to the stranle hold of American wrestlers. When they present more wrestling, we will include more of their results.

In the December issue of MATMANIA, we included the news that Shohei Baba is now recognized as the champion by the Japanese Wrestling Commision. I, therfore, decided to check up on this man a little; to see what type of mat man he is.

Shohei Baba was trained in the professional arts of wrestling by Fred Atkins. In his early days, Fred always was close at ring side, watching for mistakes and correcting same. This early experience with a man of Atkins' talents has paid off heavily for Baba.

Baba adds the science of the western world of wrestling to the various age old techniques of the East. His stock in trade includes sumo holds, judo holds, karate, as well as the basis holds of catch as catch can wrestling.

In 1961 and 1962, he toured the East Coast extensively, meeting and beating the best in the business. He later toured the South West portion of the States with this same success. Now, in Japan, this traing has paid off handsomely.

Below, is his record for parts of 1961, 1962 and 1963. As usual, this record is not complete, but as close to it as my records will allow.

This brief look at Shohei Baba's record shows a total of 63 bouts. Of this, 42 were wins, 17 losses and 4 draws or other no decision bouts. This is a winning percentage of better than 66 per cent. Against the top talents (Rogers, Sammartino, Valentine and Destroyer) he had 12 losses, 8 wins and 2 draws. Against Bruno Sammartino, he won two and lost two. Against the Destroyer, he won 6 and lost 5.

I am the first to realize that records of a man's past do not show a great deal as to him and his ability. But Baba was only a young man during this stretch. He has since blossomed into a fine wrestling machine. A match between he and the Destroyer or between Baba and Sammartino would be an interesting sight.

A young, powerful man; a good wrestler with plenty of "color"; a man with a wide variety of holds and moves. Shohei Baba may well be the man needed to take professional wrestling out of the doldrums and into the light of success.

Go to it, man.

****

The following is an excerpt from a letter from Miss Linda Scott of Australia.

I am very excited at the moment, as I have just found out the new wrestlers coming to Australia to wrestle in 1966. I have read and heard a lot about the great Pepper Gomez. I am dying to see him. He will be here starting from January 8th. Also coming is Waldo Von Erich. I have read about him, too. I don't think he will be liked very much. Luther Lindsey, Pampero Firpo and Art Nielson will be here on Jan 8, too. The most popular wrestler ever to come here, Dominic DeNucci is also returning, along with Killer Kowalski, and Dick Steinborn.

****

This will affect the wrestling in the United States a great deal. Many of the wrestlers listed above are good, competent wrestlers that will be missed in the various areas in which they are now appearing. Gomez, of course, is one of the most popular men on the West Coast. Likewise DeNucci. Both will be leaving the San Francisco area. Killer Kowalski has, at present, a claim to the United States title in Hawaii; this title, he won from Curtis Iaukea. Both Kowalski and Lindsey will be leaving the Hawiian Islands to go to Australia.

Firpo and Steinborn are here in San Francisco at present. Nielson is in Canada. Waldo Von Erich on the East Coast. This will mean that many of the areas, instead of seeing the same old faces, will get some new blood shortly after the first of the year.

Whoopee.

******

There is a rumor running rampant that Lou Thesz is again considering retirement. This is bad news to his many followers, but good news to the other wrestlers. I sincerely hope that there is little truth to the rumor, and that The Champion will be around for another thirty years.

****

At times I have to wnder at some of the wrestlers in this business. Some men, I like Mark Lowin can not make up their minds whether to be a here or a villian. In one area, Texas, he is the foremost villian in the business. In San Francisco and in Australia, he is a big here. Dan Miller is another. In the Sotuh, he is a big here. In the North, a villian. Johnny Valentino is a here on the East Coast; a villian in the Mid-West. xEmmx Johnny Powers is a here in parts of the world, and a villián in others. Others who make the change from villianery to heroism are Al Costello, Antone Leone, Mario Galento, Dale Lowsi, Roy Hofferman, Don McClarty, Jim Grabmire, and Claude Patterson. All have been both cheered and booed with regularity. Makes life interesting, I guess.

*****

Once a bulletin is never enuff. Here goes again. I need old results. Once every three months, we are going to do the life history of a particular wrestler. Both for those life records, and for others which I am called upon to do, we need help. In the March issue of MATMANIA, we are going to do the life history of xLouxx Lou Thesz. We need help especially in the thirties and fourties. In the June issue of MATMANIA, the life history of Johnny Valentino. In September, Pat O'Connor. In the December issue, Buddy Rogers. Please, if you can help us with those records, let me know. Thank you.

Or if you can help my typewriter to spell better, let me know.

The promotions of LeRoy McGuirk are possibly the only one that we got complete. Or close to it, that is. We got, thruough the offorts of Diane Devino, almost a complete record of all the results and line-ups that McGurik and his associates promote. I do know, tho, that there are several that we miss. New Orleans and various parts of Louisiana are in the McGuirk area. Fort Smith, Arkansas has McGuirk matches. Also various other spot shows and regular cities. Please, if you can help us make this area complete, contact Diane or myself. Thank you.

In the thirties, Larry Tillman and LeRoy McGuirk were both top notch wrestlers. They worked for rival promoters in the o days, and , from stories that I have heard, were not on the friendliest of terms. Somewhere between 1937 and the present time, all of this changed. This is the first time that I have found out that Tillman works with McGurik. Any answers, anyone?

Also, who is the El Modico involved here?

BEFORE YOU KNOCK THE WWWF******

by Frank Lloyd Kranorman

Picture yourself as being seated in a small, midwestern wrestling arena, flanked by dozens of your excited, screaming peers. All eyes are glued to mid-ring, where the World's Champion, Lou Thesz, is putting the finishing touches on yet another of the numerous challengers to his title. You gasp in sheer awe as Lou plasters his opponent with a perfectly executed "flying body scissors", then count with the referee as his hand slaps the canvas thrice in a token signal of victory. Suddenly and unexplainably the spell is broken as the fan behind you lets his voice reverberate throughout the arena. The harsh, biting voice finds its way into the ears of all present, including Mister Thesz's. "Hey Lou, when you gonna knock off the Sammartino chump that claims your title in New York?"

What does stand in the way of the inevitable meeting of these two mat titans? Rod Berry, mat manager and former star, summed it up best in a recent issue of "Wrestling World", and I quote, "Neither man is willing to take less than a champion's share of the match. Neither man is willing to even admit that the other has any claim on the title." Yes, Mister Berry, all this, unfortunately is true. However, living in New Jersey as I do, all I can attempt to accomplish is a defense of both Bruno and the WWWF, two topics that have received countless criticism from Thesz supporters since May of 1963, when Bruno lifted a broken and defeated Buddy Rogers high above his head in Madison Square Garden and forced a submission from the man that had defeated everything that stood in his and wrestling's way over his two year reign. As a devoted mat fan, I welcome an answer from a Thesz supporter through this publication.

The best defense that can be made of our World Wide Wrestling Federation can be summed up in four or five names: Pedro Morales, Ron Reed, Klondike Bill, and Boris Malenko.

Pedro, a grappler of the Antonio Rocca style, appeared in our area several months ago and quickly made a reputation for himself through his lightning-like manouvers and impressive victories. However, accomplished as he was, Pedro was yet no match for titans like Waldo Von Erich and Gene Kiniski. Upon departing the East Coast for the west, he promised to return to his supporters here with a championship, and just a few weeks later word reached us that the "Intelligent Sonstional Destroyer", who, by the way, has yet to suffer a loss to Thesz in their many meetings, had been subdued by the popular eastern Puerto Rican. Pedro now reigns as "king" over the west coast. Any questions?

Ron Reed I can speak of with special fondness, as past president of his fan club I followed his career right up from preliminary wrestler in the east to his victories over the Shiek and the Dick the Bruiser in the midwest, his draw with Lou Thesz, and finally his coping of the Central States Title from Iron Mike DiBiase and his role as United States Tag Team Champion with partner Doug Gilbert; all of these accomplished in NWA territory, of course.

Klondike Bill left his post as preliminary talent here and promptly came up with Canadian victories over Don Leo Jonathan and Karl Gotch, among others. He was advertised as the top, or close to it, badman in Canada and the Northwest. By the way, may I point put that this is the same Karl Gotch whom Thesz referred to as "my most feared scientificcontender."

Boris Malenko earned recognition here in the east over his sensational feud with Arnold Skaaland, and these two could be seen clashing over TV every Saturday evening or close to it, with victories almost always landing in Skaaland's hands. What's that you never heard of Arnold Skaaland in the Mid-West? Why surely than you've heard of Eddie Graham, southern NWA here whom Malenko sent to the hospital with a back injury several months back and then walked off with his Southern States Title. Can you Thesz backers name a top WWWF star, comprable with Mr. Graham, over whom Boris holds a victory? Chances are you can't, because there aren't any.

cont next page

So, without even mentioning Bruno, Bobo Brazil, Cowboy Bill Watts, Doctor Bill Miller, or Gorilla Monsoon, a staunch defense has been set up for our WWWF. Please, though, don't get the purpose of this article confused with other vociferous claims made by wrestling alliances. It is known to me at least that Lou Thesz won the NWA title from Buddy Rogers in January 1963. However, it is also known to me that all the degrading remarks made by Thesz's followers about Eastern grappling can be taken as so much bunk when the facts are known. Now you know the facts. Well, Mister Thesz, how does a 50-50 split of the purse for the Lou Thesz/Bruno Sammartino bout sound to you now?

****

At some future time, I will tell, in this bulletin, how little I think about the various alliances and groups that promote wrestling. To give a basic idea of my thinking on them, let me just say that I have no use for them. They mean little except in just the championship level. In every phase of the operation, except the very, very top, they mean little. As an example, Bob Ellis appeared for both AWA and NWA promoters in the last month or so. Often appearing for two rival groups the same weeks. Others who have done this dual promotion bit are Johnny Valentine, Bobo Brazil, Ray Stevens, Dan Miller and an endless list of others. In one instance, and one instance only, do the groups mean anything; and that is in the matter of championships. Each group recognizes a champion, and this champion appears only for his group of promoters. Bruno Sammartino appears for only WWWF men. Vachon for AWA men. Thesz for NWA men. Morales fro WWA men.

Thus, for all intents and pruposes, these rival groups of wrestling bodies are set up for the sole purpose of recognizing a champion. A champion that is, and can be controlled by that wrestling alliance.

Thus, my complete disregard for all wrestling franchises and alliances. They mean little.

This answer is not that of a pro-Thesz man. This is an answer of an anti-alliance man. I am pro Thesz, as are most wrestling fans, but I am not in favor of any wrestling alliances except the N.W.A.

****

Your Uncle Burt does carry on at times. Sorry.

In the December bulletin, on page 51, we included the info about Carl Ray Stevens and his income tax problems. His problem being that he did not file and pay his tax in 1959 and 1960. On 16 October 1965, he appeared before the U.S. district court in San Francisco and appeared distraught at the news. He pleaded "No Contest" to the charge, thus saving his wrestling license in California. A guilty plea would have endangered this license.

On December 7, of the same year, (1965) Stevens was found guilty of the tax problem. He received a one year suspended sentence and five years probation. Also received a 2,5000 dollar fine.

I am not completely familiar with the specifications in this case, but I do know a bit about variousthings. The one year suspended sentence means that if he gets in trouble with the police in any way during that year, that he will be put in jail to finish out the term. The five year probation means that he can not move without his probation officers permission. Also that he can not leave the state of California for five years.

Five years of Ray Stevens? I'm getting sick to my stomach.

Short Snorts: Michollo Scioluna is billed as being from Malta, the 265 pound mat man claims to have learned all his wrestling skills from one of the greats of modern day wrestling, Killer Kowalski. With wins over Von Erich, Savoldi, and others, he is well on his way to being one of the most hated men on the East Coast. His real name is Mike Valentino, the ruff, tuff Canadian. Valentino and Dubuque, by the way, had a firm hold on the World Tag Team Title a few years ago; 1958 to be exact.

Smashor Sloan, a other of the top villians on the East Coast, is none other than Don Whittler, the fiery bombshell who is well known to Texas fans for his brilliant work in the mid-fifties. Whittle, who is supposed to be the son of the old time great Whitte Whittler, is originally from Memphis, Tennessee.

Due on the East Coast shortly after the first of the year is the Mongolian Stomper. The Stomper, who has been taking the Mid-West by storm, will be a big attraction in McMahon land.

Due to leave there shortly is Bill Millor. Bill is scheduled to come here to San Francisco shortly after the first of the year. Watch for a "loser leave town match" between he and Bruno Sammartino.

Also due to return there after a long, long absence is Bill Watts, the favourite football player of the entire East Coast. Also due there is the recuperating Jerry Graham. Jerry, one of the finest villians in the game, is a well-loved man who will again be welcome there.

The above info and results come to us thru the help and assistance of six of our right hand men: Steven Tischler, Jane Rhodes, Mark Lipsitz, George Schrader, Earl Elder, and Harriet Strecter. Mommie, how can one person have six right hands?

We have often thought of doing this, and now is a perfect time to do so. We feel that some, or all of the results should be listed by date, rather than by promoter. There are several advantages to this program. Firstly, it is easier to check on the travels of the various wrestlers in this method. Secondly, it is easier to check your particular records. The major disadvantage is the fact that many of the results, when done by promoter, are typed for us by the divisional vice presidents. Notably the South, the McGurik and the Heart of America Promotions.

Please let me know how you personally feel in regards to this. The results of the United States and Canada by date rather than by promoter. Thank you.

THE VOICE OF THE FANS

I am thrilled and honored to be asked to do this article. Burt Ray, president of MATMANIA asked me to do this series of articles just recently. After being a fan of wrestling for as long as I have, this is the first time that I have been called upon to do a regular feature article in a fan club bulletin. Mr. Ray and his officers have done an excellent job of presenting the news of wrestling in the past, and I only hope that what I say will help you fans enjoy the sport even more.

I have a very bad habit of getting upp on the wrong side of bed at times. This affects everyting that I have done or will do all day. It is at such times that I let things get the best of me, and say and do things that would not normally bother me at all. Such times are now. I got up on the wring side of bed today.

Recently, our shores were visited by one of the foremost wrestlers to ever appear in Europe. I speak of the Masked Dansky. This mat man extradinary was here on our shores for over six months, and not one single promoter would give him a chance to wrestle here. The Dansky is, and has been for years, one of the foremost, the very best wrestlers in the world. The views taken by our promoters, not allowing him to wrestle here, is nothing short of treason to the sport and to the fans. The Dansky is a good, capable wrestler that could easily have beaten most of the men of this country, but our promoters were afraid of his great talent. Thus, no matches. America has lost a great wrestler, but America's loss is Monrovia's gain. Long live the Masked Dansky.

I have no use for fans who do not enjoy wrestling matches. I have long been one to yell, cheer, boo, and other wise exercise my vocal cords at the matches. At times I have even gotten carried away to the point of doing more than yelling. But never, and I mean never, have I ever thrown a thing. I mention this because recently in a small town in Missouri, a fan threw a door knob at a wrestler. The fan in question had bad aim, and rather than hit a wrestler, the knob hit a fan at ringside. The fan in question was carried from the arena on a stretcher, blood pouring from the inflicted wound. I do not thinkyuh an action is good for wrestling. The fans, the serious fans would not do such a thing. But some fool-hardy fans will and do. It is a shame, but it does happen.

It is good to see that amount of good, young talent on the way up. Men like Dale Lowis, Nelson Royal, Frdddie Baron, Jack Brisco, Danny Hodge, Bob Boyer, and others are all top notchers that will add a great deal to wrestling over the next few years. Too bad more of our promotors do not give the young talents a chance in the game.

Once again, my thanks to Burt Ray and to MATMANIA for asking me to do this regular article. If there are any questions and comments about the article, please feel free to discuss them with me. Send any and all inquiries to Burt Ray, and he will forward them to me. Thank you.

James Cloudy

****

James Cloudy has long been a champion of fair play in the field of wrestling. I, for one, am happy to see him on our side. He will be a welcome addition to our group of officers and staff writers. Welcome to the MATMANIA funny farm, James.

******

I hate to say this here and now, but neither MATMANIA nor its president, Burt Ray, is responsible for the things said and done by any of the staff writers. The remarks and statments made in their columns are strictly those and do not necessarily represent the complete thinking of the club or its officers. Thank you.

The following is a re-print of an article in a newspaper. The newspaper is the St. Joseph, Missouri News-Press. The date is December 8, 1965. It is being included in this bulletin with the permission of the people involved.

"SERVICE TO MANKIND AWARD TO WRESTLER"

Thor Hagen, a professional wrestler with the heart of a missionary, was presented the East Hills Sertoma Club's Service to Mankind Award last night. The presentation followed a dinner at the Holiday Inn which was attended by 75 Sertomans, their wives and special guests.

Carolton Schirmer, president of the club, presented the award plaque and a cash gift to Mr. Hagen who for a number of years has devoted his time, money and energy in working with under-privileged youths on Kansas City's West Side. As an associate staff member of "Young Life", he has effectively reached disinterested, troubled teenagers and instilled in them moral and spiritual values.

Testimonials Given

Preceding the presentation, Jim Burnham, a member of the award committee, gave a "This Is Your Life" program in behalf of Mr. Hagen. Giving personal testimonials of his work were Miss Judy Laffoon, co-worker at the West Side Centre; Detective Lieut. Lee A. Hollenbeck of the Kansas City police department; Dick Simmons, chairman of "Young Life" inner city committee; Jesse Cline, a teen-ager from the West Side who is now making his home with the Hagens, and the Rev. William Henderson, pastor of First Methodist Church of St. Joseph.

Said the Rev. Mr. Henderson: "Thor and his wife, Lenore, were not contented to be ordinary church members. They sought to come to grips with one of the church's biggest problems---reaching teen-agers from the worst possible environments."

Mr. Hagen, himself a product of a broken home, turned to wrestling as a career shortly after serving in World War II. A committed Christian, he had a nagging concern for unfortunate young people. A session at "Young Life" camp in Colorado triggered the concern into action.

Sought To Do More

He left his wrestling career to join the salaried staff on Kansas City's West Side. After a year or two, he became dissatisfied with the lack of freedom in his job. He aspired to do still more for the youths. He must also support his family of four children.

So he returned to wrestling---the only field he knew---to make the necessary money to carry out his plans. He now has a club house that is comfortable, roomy and well-stocked with food to which teen-agers may go at all hours. He purchased a bus to take youngsters to summer camp. He also takes them on shorter outings away from the depressing atmosphere of their own environment.

Mr. Hagen and his family make their home in St. Joseph at **** South **the Street but he and his wife are in Kansas City every day and many nights, handling the work that is closest to their hearts.

In accepting the award Mr. Hagen said, "I feel I am accepting this award for a whole team of people who are willing to pay a price for something that needs doing. The reward we work for is of eternal value and there is much joy in doing it."

****

I have long known Mr. Hagen to be a fine wrestler. This article helps me realize that he is also a fine gentleman and a credit to the wrestling profession.

Congratulations for an oxcollent job, Bill.

The third award is the promotor award. Each month, we will namo the promotor that we fool does the best to give his fans the best in wrostling. Also involved is the long, moritoriuos service to wrostling in goneral. The winnor this month is a man who will seldom win many awards. He does little for wrostling oxcept give good, interesting matchos, week after week. His area, one of the hardest to reach in the world, has constantly been one of the most productive areas in the world. With a wrostling shhool to put out frosh talont, he constantly introducos new faces to the wrostling world. Such mon as Pat Patterson, Frank Shields, Alex Medina, Gypsy Biviano, and Torry Gearvin got their start through the interest, support and help of this gr-
ea t promotor. He has also worked with various othor promotors, giving his talont to others. Chris Markoff is but another man who got started in the business due to his help. In short, not a day goes by in wrostling that is not influenced by the long, hard work of the month's best promotor.

The winnor of the best promotor award for January 1966 is none othor than the man from Boston, Tony Santos.

With weekly matchos in over a dozon cities, Santos does an oxcollotn job of presonting matchos. His poople aro fast, furious, good wrostlors that have constantly been a joy to see and a dolight to witness. The only thing to find fault in the work of Santos is his habit of awarding psoudo aliases to his mon. Aside from thoso foolish aliases, Santos would easily go down in history as one of the greats in wrostling promotions.

This is our first issue on the new monthly basis. In it, we have tried to include all the results in the past month or so. We have also tried to include other such items and info that will help each of our readers and members enjoy the sport of wrestling more. The next page or so will be about results.

As mentioned earlier in this bulletin, I doubt if we have one tenth of all the results that have occured in the past month and a half. Even with the amount that we do have, over 25 pages of them, I feel that we have a long way to improve. We would like to include ALL the results, and can not do so without the complete aid and support of each and every member of the club. Also the complete aid and support of each and every fan of wrestling.

The South, with James G. Lee as our main reporter as well as a vice-president, is our best area. Also the Ozarks where Diane Devine and her associates worked long and hard gaining all the results. Both of her areas, the Ozarks and the Heart of America promotions are close to complete. Without their work, we would have indeed been up a creek without a paddle.

In the last few pages, where, we included results by date rather than by the promotor, there are several results from Georgia. These matches are held by Paul Jones of the Atlanta office. We would like to get these results regularly and include them in the bulletin. Charlotte Irvine and Linda Saunders, can you get them to James Lee each month for us? Also Jacksonville, Floirda; Mike Hargraves, we need these. Thanx all of you. In the Carolinas, James has most of the matches, except for Asheboro; Judy, can you get him these? Virginia is well covered, so just keep them working. In the Tennessee and Kentucky area, I am sure we miss more than we get. Help!

The Ozarks. The only cities that we miss having on a regular basis is Wichita Falls, Fort Smith, Ark, and New Orleans. I imagine there are more, but am not sure of names, etc. If anyone can help us on getting the Wichita Falls matches regularly, please let Diane Devine know.

The Heart of America promotions: the only city that we miss is Abilene, Kansas. Also Ft. Leonard Wood. Linda, can you help us here?

These are our three good areas. Now the more incomplete. Vince McMahon promotes about 16 matches a week. Thus, in the two month segment covered here, we should have about 144 complete matches; we have about 40. Steve Tischler can, and does cover the match results of New York city proper; also the Washington DC television matches. The place we need help the most is in Pennsylvania. Pittsburg, notable. We need all the tv and live cards sent direct to Steven. Also all of New Jersey, except Newark. Also Maryland, except Baltimore. Lenny, we have to rely on you to get most of the down state match results in Jersey. Can you help here? In Maryland, there are at least two cities that have regular wrestling. Hagerstown and one other. Joe Boraton, can you get these for us?

Texas. We have regular reports from Houston, Dallas, San Antonio, Odessa, and now Lubbock. Port Arthur has regular TV matches that we miss half the time. Dallas has TV matches that we miss more than we get. I imagine that Amarillo has TV matches. I do know that we miss far more than we get in Texas. Help.....

Arizona. We get most of the matches of Phoenix, and little else. Tucson, Mesa, and Casa Grande have regular matches. Can anyone help us get them?

Utah, New Mexico and Idaho. Forgot it. Nothing. I have written to Guy Brunetti the promotor there, and should get an answer soon. Between now and then, we need help and tons of it.

Southern California. We received about half the results possible. SanDiego, San Bernadino, Bakersfield, and Las Vegas all have regular weekly matches. We need help here. Bill and Fred, I am going to rely on you. Also Art Williams. Help !

Northern California. Due to my working hours, I do not get to see TV wrestling here; thus must rely on others for almost all the results in this area. Olga, can you give me more of a hand on these? Also Bob? Sure would appreciate it. I write, or at least send the bulletins to, both John Swonski and Roy Shiro. Perhaps one or the other of these fine gentlemen could give us a hand.

The Northwest. Due to my goofing up, we did not get all the results from Seattle Tacoma etc that we had anticipated. Dean Silverstone, who does the programs for these cities, was going to send us all the results for this area. Our wires got crossed, thus so few. Things will be different in future issues.

Canada. We have one series of results from London. We have two or three from Toronto. We have three from Vancouver. And that is all. People, we must do better than this. John, can you get me the Toronto TV still? I'd appreciate it. Diane, the London matches all the time? Mario, the results of your area, Windsor? We also need reports from Winnipeg, Ft. Williams, and a dozen other cities. We need help, and we need it bad here.

The New England area. Tony Santos promotions. They present about ten matches a week. We have absolutely nothing on them at all. Shame, shame, people. A great big H*E*L*P here.

England. Paul Lincoln presents about 40 matches a week. We have no reports or results on any of them there. The Dale/Martin promotions also have about 40 a week. In the two month period covered in this bulletin, we should have 360 matches. We have about 100. Sigh.

France; nothing. Spain; nothing. Near East; nothing. And so forth. Forget it. South America; nothing. Alaska; nothing. Mexico; nothing. People, all of these places have top flight talent both from the United States and from England that appear there regularly. We need reports from there. If you can help us, please let me know. Thanx.

Australia. We have four regular contacts there now. Both Tommy Gauchi Maistro and Linda Scott have promised complete assistance in getting the results from there. Thus, many of our problems from there are now solved. A person is no longer considered dead when he goes to the Down Under Continent.

Japan. I do not know how we goofed up, but we did. Nothing from there is over two months. Mitsuru and Yoshihisa, it is undoubtedly my fault for not writing oftener, but lets do our best. I will give it my all.

New Zealand. Not very good wrestling, but still wrestling. Lets see if we can do better.

****

Korea; nothing. The Phillipines; nothing. Hong Kong; nothing. Again, all of these places have regular wrestling featuring many of the stars of America and England. We can not keep accurate control over wrestling without news from here. Ditto India, South Africa, Pakistan and so forth. Please, kiddies, we need help.

Guess I'd better mention the rest of the United States. We miss heavily in St Paul and Minnesota. We miss heavily in Detroit. We miss heavily in most of the upper Mid-West. Omaha, Cal, we need more regular result reporting. I don't know how we fell apart in Minneapolis, but we did. Ditto Detroit nd the rest of Michigan. Dawn, can you help us there?

I have said it before, nd will say it again; I doubt if we have one per cent of all the available matches that ake place in the world. To work, kiddies.

Below is a list of the people to whom you send your results. Send them directly to the people involved as soon as possible after the matches. Thus, they will ensure being in the bulletin as soon as possible.

When in doubt about where to send your results, send them to me, Uncle Burt. In this way, we can be assured of them getting into the bulletins. People, we need your help for the results. Neither myself nor our officers can do it alone. Please give us a hand on it. Thanx.

I hate to do this, but will have to. In the bottom of this page, we will list the dues situattion for each person. This will be done in pen later. Those dues items are as of January 1, and may be changed later this week.

Today is January the first. We have bragged in the past about always being on time with those bulletins. Our bulletins are due out on the first of each month, and the first of each month they will be out. This will ensure the news being fresh and up to date at all times. I hope everyone realizes how difficult it may have been for your old Uncle Burt to get up at six in the ayme on New Years Day.

In the December issue of the bulletin we mentioned a new policy. If you would like to see the bulletin as soon as it is prepared, send us three five cent stamps, and the bulletin will be sent via first class mail. Only one person did so for the January bulletin, and he will receive it probably Thursday or Friday, the6th or 7th. I think the members where trying to tell me something when they did not want to read the bulletins too soon after they had been written.

Stamps. In each of these bulletins we are going to make a special request for used postage stamps. Those stamps will be sold, and the funds derived used for the charity drives sponsored by fan clubs. In addition, there will be a suprise later for all those sending in stmps. When you do send stamps to me, include the count, and a list of your top favourite wrestlers. Thank you.

For all those interested in old results, we have a club devoted to just old results. These results are dated results from around the world and this country. Included thus far in the bulletins put out by this club, are over ten thousand contests from United States, New Zealand, England, Texas and various other foreign countries. If you are interested in old results, this club is a must. The dues are 1.50 a year and the members receive at least one bulletin a month. Thank you.

We also head a fan club for Ron Reed. The members of his club receive the quarterly issues of MATMANIA. In addition, they receive as complete a history of his matches as we have for the past three months. In addition, they will receive various articles and items of interest to his fans and followers. This supplement will be in addition to the regular bulletins. The dues for his club are 1.50 a year.

It is not too late yet to get your 1966 wrestling calendar. These calendars feature 8 by 10 photos of Lou Thesz, Bruno Sammartino, Johnny Valentino, Verne Gagne, Pepper Gomez and Ricki Starr. The cost of these beautiful calendars are only 1.50 a year. Thank you.

Another special plea for old results. In every third bulletin of MATMANIA we are going to do the complete life history of a particular man. In the March issue, we are going to do the life history of Lou Thesz. We need help on his record. Especially in the thirties and fourties. If you have old results on this man, please contact me. In the June issue, we will do the life histroy of Johnny Valentino. We desperately need results on him in the early fifties, especially in and around Kansas City and areas. In September, Pat O'Connor. In December, Buddy Rogers. In the following March, Bobby Orton. Then onward and anward. I'm peeped just thinking of it all. Please, if you can do research for me, or if you have old results, please contact me. Thanx.

There is a book, a paper-back which was originally published in England, dealing with the wrestling and wrestlers that appear there. This book is one of the finest that I have ever seen on this subject. If you are interested in seeing this great book, drop me a line and I will see if copies are still available. Thank you once again.

A couple of fast items in the pen pal corner. Shirley Goins of RR 2 Box 266, Anchorage, Kentucky would like to know if there is a fan club for Danny Little Bear. Judy Wilson of 2501 Wilson St. Asheboro, N.C. would like to hear from all fans of Omar Atlas. Would also like to trade fotos of her area.

Joel Bonenfold of1550 E. 102 St. Brooklyn would like to join fan clubs for Ronny Bannor, June Byers, Betta Boucher or Mario Galento. Drop him a line if you know of club s for these people. Make that Barbara Galento.

This is the last page of the January bulletin. As always, we would like to give an especial thanks to the people who made this bulletin possible. Our sincerest thanx goes to Daino Devino and James G. Lee ofr their work and coverage in the results department. Without their continued help and co-operation, we would be lost. Our further thanks goes to Daino for her help in getting the various newspaper articles that adorn this bulletin.

A further thanks for Bob Brocg is in order. His assistance and iad in allowing us to re-print his article on Sam Muchnike is especially appreciated.

An especial thanksgoes to all those people who have liked this club wool wnough to either re-join or to get other people to join it. In this catogory, people who have gotten others to join, are such stalwarts as Charlotte Irvine, Junnita Gougeon, Frank Kranerman, Linda Scott, andJane Rhodes. All have gotten new members for us. For this, we give our heart felt thnaks.

Another group to earn our plaudits are those who Helped in sending the results of their particular cities. Often, we do not have time to answer each of those letters, but they continue to send us their results regularly. Top of the list in this regard are Earl Elder of Baltimore, Shori Blackwood of East Molino, Ill and Charles Hapke of Lone Pine, Calif. To all of these people and to the hundreds others who sent results, we offer our thanks. We luvs ya.

The last group we would like to thank are the men and the women of the black and blue. The wrestlers, promoters and referees who present the wrestling to us. Without them, we would all have a dull life.
